

ADDRESS OFFICIAL COMMUNICATIONS TO
THE SECRETARY OF STATE
WASHINGTON 25, D. C.

DEPARTMENT OF STATE
WASHINGTON

13 March 1961

STATINTL

Dear

The completion of the busy first two-week Regional Seminar on China frees me to send you a note on your presentation of the "Physical and Political Geography of China." Your selective and systematic presentation gave the class both an essential background for other Chinese studies and a perspective which gave much greater meaning to geographic references by later individual speakers. Thanks a lot. You will certainly hear from us again soon.

Sincerely yours,

Maurice T. Price
